

EPICSURF

A CUSTOMIZABLE SURF WAVE
FOR ALL ABILITIES

Features and Benefits

REAL WATER DEPTH

Surfers have the ability to use real surfboards with fins, allowing for better stability, control, and direction of the board.

RAPID WAVE ADJUSTABILITY

Change the wave height from 3ft to 5ft (.9–1.5m) in seconds.

VARIABLE RIDE OPTIONS

Ride surface incrementally expandable in 8ft (2.4m) increments, starting from a width of 30ft (9m).

SIMPLISTIC TANK DESIGN

The simplistic design allows for lower construction costs.

VARIABLE FLOW SYSTEM

Adjustable pumps where the volume of the wave can be adjusted to maximize energy efficiency.

DRAIN DRY SAFETY SYSTEM

The surf area drains dry in a matter of seconds for enhanced safety, efficiency, and sustainability.

RETRACTABLE TRAINING BARS

Make learning to surf easy for everyone.

MADE IN THE USA

Manufactured in ADG's Upstate New York manufacturing plant.

PROUD SUPPORTERS

EpicSurf is a totally awesome experience. The wave is amazing, we surfed every board under then sun. Anyone from any skill level can jump on and enjoy it - this wave is truly what they call it... EPIC!

Professional Surfer

PICK YOUR WAVE

EpicSurf makes real surfing possible – anytime, anywhere while offering an experience for ALL abilities. Since it's launch, EpicSurf has shaped waves for a myriad of surfers, including novice, intermediate, professional, child, veteran, age 70+, adaptive, blind and more!

Beginner

- EpicSurf provides training bars, a soft water landing, and a Drain Dry Safety System to support learn-to-surf.
- The only surf wave that is a 'Certified Autism Resource' granted by the International Board of Credentialing and Continuing Education Standards (IBCCES).

Intermediate

- Repetition & close proximity coaching makes for the perfect training tool.
- Quickly turn up the wave from 3 to 5ft (.9-1.5m).

Advanced

- Practice carving, tricks, and skills without the hassle of paddling in and out and waiting for the next wave.
- Surfers can transfer the same technique and power that you can on an ocean wave.

Boogie Boarding

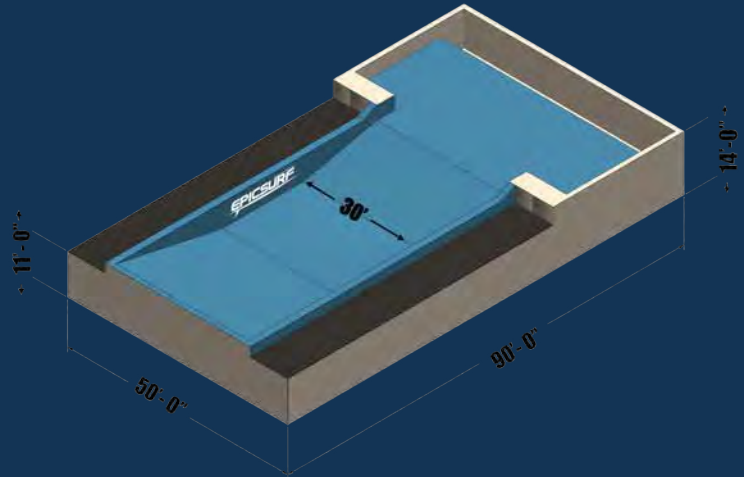

- Appeals to a large market
- High capacity & fun for all!

EPICSURF SIZE OPTIONS

Ride surface incrementally expandable in 8ft (2.4m) increments, starting from a width of 30ft (9m).

ES46

OVERALL FOOTPRINT	66ft x 90ft (20.1m x 27.4m)
WAVE WIDTH	46ft (14m)

ALL INCLUSIVE DESIGN/BUILD

Turn-key design and buildout of your entire project with customized site plans, drawings, and pricing.

ADG offers options that range from an equipment system supply to a more comprehensive, turnkey solution that handles the design and construction of the wave. As a vertically integrated organization, ADG comprises a full team of in-house designers, engineers, manufacturers, and construction professionals. Our team's 40+ years of experience in designing and building aquatic attractions brings a wealth of insights into the specialized requirements of surf venues.

Whether you're integrating EpicSurf into an existing facility or creating a new, standalone surf destination, ADG's turnkey design/build approach is designed to reduce the complexity and time required on your end as a developer. From sketch to surf, we bring your vision to life, combining innovative design with operational insight to help you deliver a standout attraction that meets your business goals and enhances the guest experience.

EPICSURF

With ADG's depth of expertise, we go beyond standard installations by focusing on crucial aspects that maximize the value of your investment.

Operational Efficiency

We design EpicSurf venues with intuitive back-of-house configurations that streamline daily operations, considering staffing needs, and ways to efficiently support the operation of your surf wave.

Serviceability

Our EpicSurf systems are engineered with ease of maintenance in mind, helping operators minimize downtime and control maintenance expenses over the life of the wave.

Guest Experience

ADG emphasizes creating a compelling guest experience, considering everything from optimal wave performance to comfort-focused design elements to inclusivity and accessibility, ensuring your venue attracts and retains visitors.

EPICSURF

BACKED BY A COMPANY YOU CAN TRUST.

ADG is one of the world's most respected aquatic leisure and sport design, construction, and manufacturing firms, offering a comprehensive range of products and services that focus on creativity & innovation.
